SUNIX EAZICloud™ & EAZInet™ Solution

Retrieving data in cloud from connected devices,
fast implementation of a cloud-based valued-added service

SUNIX ECS Application Kits

Quickly Build your IoT / IIoT / AIoT needs

ECS(EAZInet & Central Solutions) provides products based on SUNIX EAZInet technology developed like IoT Gateway, Digital and Analog DevicePort I/O modules, and serial DevicePort...etc.. It is based on the Microsoft IoT Central SaaS cloud platform service, which can connect different IoT requirements and quickly package a variety of smart applications.

Advantages

- Real-time Data**
Instant decision making with instant messaging.
- Big Data Analysis**
Graphical information is easy to read with history data
- Web-based Dashboard**
Easily view on mobile phones, tablets and computers.
- Cost Saving**
Through Azure, eliminating hardware & development costs with low monthly fee.

Fields

- Smart Factory**
Utilization rate, Power & Environmental Monitoring
- Smart Building**
Office & Building Environmental Monitoring
- Smart Medical**
Medical Facility Environmental Monitoring
- Smart Learning**
IOT / AIOT for Student Teaching Application

SUNIX was established in 1986. In 1995, we released the world's first RS-232 single-chip communication card; ever since, we have become the go to serial cards specialist, and number one world sales leader for serial cards. SUNIX's headquarter and R&D Center is located in Taiwan, and our factory in Kunshan, China. SUNIX is one of very few vertical integration suppliers with original chip design, software/hardware/firmware designs and supports, high quality products manufacturing, as well as global sales capabilities. For more than 30 years, SUNIX has specialized in the field of "Commercial communication". In this past year, we announced a revolutionary design for the IoT era, EAZInet, a true "Plug and Play" networking technology, which is able to provide the best intelligent transmission solutions for IoT applications. At SUNIX, we are striving for environmental protection and active participation in public welfare. Like our slogan "**Plug Into A Brand-new World.**"
